

Dual Degree Nursing Program with Goldfarb School of Nursing at Barnes-Jewish College

Approved by the Faculty, December 13, 2011

Westminster's Dual Degree Nursing Program is designed for students who wish to complete both an undergraduate, liberal arts degree (BA) and a degree in nursing (BSN). Because of their commitment to the liberal arts and lifelong learning, the Goldfarb School of Nursing (GSON) is a strong match for Westminster College. Students may qualify for one of two programs: (1) the 3-2 program, through which they complete three years at Westminster and two years at GSON through the Upper Division BSN Option; (2) the 4-1 program, designed for students who wish to spend four years at Westminster and one year completing the Accelerated BSN Option at the Goldfarb School. Upon completion of the 3-2 option, students will receive both a BA from Westminster College and a BSN from the Goldfarb School. Students pursuing the 4-1 option will receive the Westminster degree at the end of the four years in residence, before going on to the Accelerated program to receive a BSN from GSON.

During their years at Westminster College, students interested in the dual degree program must complete the requirements for general education and a major at Westminster, while also meeting the following course requirements in order to be considered for admission to GSON. Advising during these years is critical, as students must take all nursing program pre-requisites, as well as requirements for general education and a major at Westminster. However, with careful planning, students will be able to complete both degrees in approximately five years.

Upper Division BSN Option (adapted from the Goldfarb Catalog)

The Upper Division BSN Option is a full-time, five-term program (two years) that is comprised of 66 credit hours of nursing course work. Applicants must complete at least 54 credit hours of prerequisite course work at Westminster before attending GSON. GSON admits students for summer, fall, and spring terms, and classes are held during the full calendar year.

Students complete their clinical experiences at Barnes-Jewish Hospital and St. Louis Children's Hospital, as well as at other BJC HealthCare Hospitals and St. Louis metropolitan area health care facilities.

The Upper Division BSN Option prepares students to provide direct care to patients and their families in a variety of health care settings, as well as to pursue higher degrees in nursing.

Eligible graduates will take the National Council Licensure Examination (NCLEX-RN), although program completion does not guarantee eligibility to take the exam. Also, passing the exam is required to become an entry-level registered nurse. For more information, please see <http://www.moga.mo.gov/statutes/c300-399/3350000066.htm>.

Admission Requirements for the Upper Division BSN Program (with WC courses noted):

- Minimum 3.0 cumulative undergraduate GPA.
- Minimum of 54 credit hours in the following prerequisite courses:
 - Anatomy & Physiology I with lab
 - Anatomy & Physiology II with lab
(BIO 203 and 370 fulfill these two requirements)
 - Microbiology with lab (BIO 403)

Accelerated BSN Option (adapted from the Goldfarb Catalog)

Goldfarb School of Nursing at Barnes-Jewish College offers the Bachelor of Science in Nursing Accelerated Option, an entry-level nursing program for individuals who have a bachelor's degree or higher in a field other than nursing.

The Accelerated BSN Option is a full-time, 12-month program that is comprised of 58 credit hours of nursing course work. Applicants must complete 24 credit hours of prerequisite course work at Westminster. BJC admits students for summer, fall, and spring terms. Due to the fast paced nature of the program, students are strongly encouraged not work while attending school. They must be available a minimum of 40-50 hours per week for course work and simulation labs during the day and for clinical experiences during days, evenings and/or weekends. Students complete their clinical experiences at Barnes-Jewish Hospital and St. Louis Children's Hospital, as well as at other BJC HealthCare Hospitals and St. Louis metropolitan area health care facilities.

The Accelerated BSN Option prepares students to provide direct care to patients and their families in a variety of health care settings, as well as to pursue higher degrees in nursing.

Eligible graduates will take the National Council Licensure Examination (NCLEX-RN), although program completion does not guarantee eligibility to take the exam. Also, passing the exam is required to become an entry-level registered nurse. For more information, please see <http://www.moga.mo.gov/statutes/c300-399/3350000066.htm>.
